GRAND CANYON AND ZION NATIONAL PARK

Field Tour 2018

- ◇ Dynamic Biblical & Scientific Teaching of Earth History
- ◇ Explore Grand Canyon from the South Rim & South Kaibab Trail
- ◇ Explore Zion National Park from Observation Point
- ◇ Great Christian Fellowship
- ◇ An experience of a lifetime!

**3 days
& 2 nights
for only \$285**

Prof. Bill Hoesch, M.S. Geology, teaches natural science at the College at Southern California Seminary; he has led over a dozen week long education tours of Grand Canyon and the Southern Utah region, teaching lay-person and expert alike how the rocks give evidence of a catastrophic global flood.

Dr. Jeremy Lyon is Associate Professor of Old Testament and Hebrew at Truett-McConnell University; he has led education tours to Grand Canyon and the Southern Utah region, connecting the story of these natural wonders to the Genesis account.
