

List of United States Patents

Zhiyong Xia, Stephen Weinhold, Alan White, Polyester polymer and copolymer compositions containing carbon-coated iron particles, US Patent No. 7,745,512, June 29, 2010.

Alan W. White, Non-precipitating alkali/alkaline earth metal and aluminum compositions made with organic hydroxyacids, US Patent No. 7,745,368, June 29, 2010.

Alan W. White, Michael P. Ekart, Larry C. Windes, Richard G. Bonner, Alan G. Wonders, Process for production of a polyester product from alkyllene oxide and carboxylic acid, US Patent No. 7,332,548, February 19, 2008.

Richard McConnel, Leron R. Dean, William A. Haile, Mark E. Tincher, Alan W. White, and Charles M. Buchanan, Copolyesters and fibrous materials formed therefrom, US Patent No. 6,562,938, Sept. 19, 2002.

Richard McConnel, Leron R. Dean, William A. Haile, Mark E. Tincher, Alan W. White, and Charles M. Buchanan, Copolyesters and fibrous materials formed therefrom, US Patent No. 6,495,656, Dec. 17, 2002.

Mary T. Jernigan, Cheuk C. Yau, Carol J. Greene, Perry M. Murdaugh, and Alan W. White, Method for making polyesters employing acidic phosphorus-containing compounds, US Patent No. 6,384,180, May 7, 2002.

Alan W. White, Matthew D. Wood, Charles M. Buchanan, Steven C. Gedon, Fred D. Barlow, Jr., and Robert M. Gardner, Aliphatic Aromatic Copolyesters, US Patent No. 6,342,304, Jan. 29, 2002.

Alan W. White, Matthew D. Wood, Charles M. Buchanan and Robert M. Gardner, Cellulose Ester Blends, US Patent No. 6,313,202, Nov. 6, 2001.

Charles M. Buchanan, Matthew D. Wood, Robert M. Gardner, Alan W. White, S. Gedon, and F. Barlow, Aliphatic-Aromatic Copolyesters and Cellulose Ester/Polymer Blends, US Patent No. 5,900,322, May 4, 1999.

Allan S. Jones and Alan W. White, Polyesters for Metal Lamination, US Patent No. 5,725,944, March 10, 1998.

John C. Hubbs, Charles Buchanan, Robert M. Gardner, Steven Gedon, Marti Harrison, Douglas Clair Hoffman, Alan W. White, Biodegradable Poly(3-Hydroxyalkanoates) compositions and blends; US Patent No. 5,625,029, April 29, 1997.

Charles M. Buchanan, Matthew D. Wood, Robert M. Gardner, Alan W. White, S. Gedon, and F. Barlow, Aliphatic-Aromatic Copolyesters and Cellulose Ester/Polymer Blends, US Patent No. 5,599,858, Feb 4, 1997.

Charles M. Buchanan, Robert M. Gardner, Alan W. White, Matthew D. Wood, Cellulose Ester Blends, US Patent No. 5,594,068, Jan. 14, 1997.

Alan W. White, Barry G. Percy, Allan S. Jones, Charles M. Buchanan, and Robert M. Gardner, Copolyesters Having Repeat Units Derived from Succinic Acid, US Patent No. 5,589,566, Dec. 31, 1996.

Charles M. Buchanan, Matthew D. Wood, Robert M. Gardner, Alan W. White, S. Gedon, and F. Barlow, Aliphatic-Aromatic Copolyesters and Cellulose Ester/Polymer Blends , US Patent No. 5,580,911, Dec. 3, 1996.

Charles M. Buchanan, Matthew D. Wood, Robert M. Gardner, Alan W. White, S. Gedon, and F. Barlow, Aliphatic-Aromatic Copolyesters and Cellulose Ester/Polymer Blends , US Patent No. 5,559,171, Sept. 24, 1996.

John C. Hubbs, Charles Buchanan, Alan W. White, Marti Harrison, Process for the production of Poly(3-Hydroxyalkanoates); US Patent No. 5,552,515, February 21, 1995.

Alan W. White, Barry G. Percy, Allan S. Jones, Charles M. Buchanan, and Robert M. Gardner, Copolyesters Having Repeat Units Derived from Succinic Acid, US Patent No. 5,498,453, March 12, 1996.

A. W. White, Barry G. Percy, Allan S. Jones, Charles M. Buchanan, and Robert M. Gardner, Copolyesters Having Repeat Units Derived from Succinic Acid, US Patent No. 5,480,962, Jan. 2, 1996.

Charles M. Buchanan, Matthew D. Wood, Robert M. Gardner, Alan W. White, S. Gedon, and F. Barlow, Aliphatic-Aromatic Copolyesters and Cellulose Ester/Polymer Blends , US Patent No. 5,446,079.

Alan W. White, Barry G. Percy, Allan S. Jones, Charles M. Buchanan, and Robert M. Gardner, Copolyesters Having Repeat Units Derived from Succinic Acid, US Patent No. 5,434,238.

Alan W. White and J. R. Zoeller, Photodegradable Polyesters, US Patent No. 5,434,236, July 18, 1995.

Alan W. White and J. R. Zoeller, Photodegradable Polyesters, US Patent No. 5,395,692, March 7, 1995.

Alan W. White, John C. Hubbs, Charles Buchanan, Robert M. Gardner, Steven Gedon, Martin Harrison, Douglas Clair Hoffman, Poly(3-Hydroxyalkanoates) and Process for the Production Thereof; US Patent No. 5,391,709, February 21, 1995.

Alan W. White, Barry G. Percy, Marc A. Strand and Joey C. Carico, Polyester Compositions, US Patent No. 5,370,938, Dec. 6, 1994.

Alan W. White, Barry G. Percy, Marc A. Strand and Joey C. Carico, Polyester

Compositions, US Patent No. 5,338,606, Aug. 16, 1994.

Charles M. Buchanan, Robert M. Gardner, Matthew Wood, Alan W. White, Steve Gedon, and Fred Barlow, Aliphatic-Aromatic Copolyesters and Cellulose Ester/Polymer Blends, US Patent No. 5,292,783, March 8, 1994.

David C. Herting and Alan W. White, Tetraamides and Method for Improving Feed Utilization, U. S. Patent No. 5,208,034, May 4, 1993.

Alan W. White, Barry G. Percy, Marc A. Strand and Joey C. Carico, Polyester Compositions, U. S. Patent No. 5,132,391, Sept. 21, 1992.

David C. Herting and Alan W. White, Tetraamides and Method for Improving Feed Utilization, U. S. Patent No. 5,141,749, August 25, 1992.

Alan W. White, Novel Diamides and Methods for Improving Feed Utilization and Lactation in Ruminant Animals, U. S. Patent No. 5,041,452; Aug. 20, 1991.

Alan W. White, Novel Diethanolamine Triacetic Acid Triamides and Methods for Improving Feed Utilization and Lactation in Ruminant Animals, U. S. Patent No. 4,978,682; Dec. 18, 1990.

Alan W. White, Methods for Improving Feed Utilization and Lactation in Ruminant Animals, U. S. Patent No. 4,966,917, Oct. 30, 1990.

Alan W. White and Randy Beavers, Reactive Phenolic Antioxidants and Polyesters Reacted Therewith, U. S. Patent No. 4,910,286, Mar. 20, 1990.

Alan W. White, Heterocyclic Diamides and Method for Improving Feed Utilization and Lactation in Ruminant Animals, U. S. Patent No. 4,895,951, Jan. 23, 1990.

Alan W. White, Methods for Improving Feed Utilization and Lactation in Ruminant Animals, U. S. Patent No. 4,883,820, Nov. 28, 1989.

Alan W. White, Novel Diethanolamine Triacetic Acid Triamides and Methods for Improving Feed Utilization and Lactation in Ruminant Animals, U. S. Patent No. 4,882,355, Nov. 21, 1989.

Alan W. White, Methods for Improving Feed Utilization and Lactation in Ruminant Animals, U. S. Patent No. 4,801,618, Jan. 31, 1989.

Alan W. White, Novel Diethanolamine Triacetic Acid Triamides and Methods for Improving Feed Utilization and Lactation in Ruminant Animals, U. S. Patent No. 4,800,213, Jan. 24, 1989.

Alan W. White, Preparation of 2-Benzoxazolinones, U. S. Patent No. 4,558,136, Dec. 10, 1985.

John A. Hyatt and Alan W. White, Process for the Preparation of Aryl Alkyl Sulfones and Aryl Vinyl Sulfones, U. S. Patent No. 4,386,221, May 31, 1983.
