GRAND CANYON TOUR 2019  
(September 13-15, 2019)

## Photograph and Video Release

All photographers taking photographs or videos on Seminary property or of Seminary events must obtain a signed release from any person—whether student, faculty, staff, or general public—who is visibly recognizable. Crowd scenes where no single person is the dominant feature are exempt. These rules govern photographs and videos intended for use in any Seminary publication of marketing or a public relations nature, such as newsletters, brochures, promotional items, or other such material. Release also must be obtained for photographs and videos used on the Web. These rules do not apply when photographs or videos are taken of news events, but photographs or videos taken for news purposes require a release for reuse in marketing materials.
